INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Southwest Autism Research and Resource Center
Phoenix, Arizona

We have audited the accompanying financial statements of Southwest Autism Research and Resource Center (a nonprofit organization), which comprise the statements of financial position as of December 31, 2015 and 2014, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

SOUTHWEST AUTISM RESEARCH AND RESOURCE CENTER
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE 1 NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Southwest Autism Research and Resource Center ("the Center") is incorporated as a nonprofit corporation in the State of Arizona. Founded in 1997, the Center has a mission designed to advance research and provide a lifetime of support for individuals with autism and their families.

The Center provides several programs to further its mission, including but not limited to the following:

Research – Through the research program, the Center performs self-directed research, including genetic studies and pharmaceutical trials, and serves as a satellite site for national and international projects. The Center continues to excel as a top recruitment site for autism research studies that will help identify the causes and effective treatments for the disorder.

Clinical Services – The Center models and promotes best practices that enhance the quality of life for children and adults with autism spectrum disorders through outreach and education, empowering children, families, and professionals with information training, and programs. The Center provides research, individualized intervention, and educational experiences to children, teens, and adults with autism spectrum disorders. The Center also provides support services to parents, family members, typical peers and community members, as well as training and education to educational and medical professionals. The Center operates a Vocational & Life Skills Academy, established by the Center to maximize the independence, productivity, and quality of life of young adults and adults with autism and related developmental disorders.

Residential – The Center is contracted by First Place AZ to operate a Residential Transition Academy. The Academy is a two-year intensive and community-based state-of-the-art program designed to transition young adults with autism to living independently in the community.

Social Enterprise – The social enterprise program is committed to creating sustainable businesses owned by the Center that increase community awareness and employment opportunities for adults with autism.

Basis of Presentation

The financial statements have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables and other liabilities.

Cash and Cash Equivalents

For the purpose of the statements of cash flows, the Center considers all highly liquid debt instruments with an original maturity of three months or less at date of acquisition to be cash equivalents. Cash and money market funds held in accounts with stock brokerage firms are reported as investments instead of cash because they are considered to be part of the investment pool.

SOUTHWEST AUTISM RESEARCH AND RESOURCE CENTER
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE 1 NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING
POLICIES (Continued)

Contracts Receivable

Contracts receivable consist of amounts due for contract services and are stated at the amount management expects to collect under the terms of the service contracts and agreements. Contracts receivable are carried at the outstanding balances less an allowance for doubtful accounts, if applicable. Management evaluates the collectability of its contracts receivable based on a combination of factors, including an assessment of the current status of individual contracts and a historical percentage of uncollectible amounts. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance. Allowance for doubtful accounts was \$80,387 and \$64,642 for the years ended December 31, 2015 and 2014, respectively.

Promises to Give

Unconditional promises to give are recognized as revenues in the period the promise is received and as assets, decreases of liabilities, or expenses depending on the form of the benefits received. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Unconditional promises to give that are to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using rates as determined by management applicable to the years in which the promises are received. Amortization of the discounts is included in contributions. In circumstances where it is aware of a specific amount where there may be an inability to meet the financial obligation, and for balances for which a scheduled payment was not received in the prior year, the Center records a specific reserve to reduce the amounts recorded to what it believes will be collected. Promises are charged off against the allowance when they are deemed to be uncollectible.

Fair Value Measurements

A framework for measuring fair value has been established by the Accounting Standards Codification and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Center has the ability to access.

SOUTHWEST AUTISM RESEARCH AND RESOURCE CENTER
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE 1 NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING
POLICIES (Continued)

Fair Value Measurements (Continued)

- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified term (contractual term), the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement, and usually reflect the Center's own assumptions about the assumptions that market participants would use in pricing the assets (i.e. real estate valuations, broker quotes).

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Investments

Investments are measured at fair value in the statements of financial position. Investment income or loss (including realized and unrealized gains and losses on investments, interest and dividends) are recognized in the statements of activities.

Property and Equipment

Acquisitions of property and equipment in excess of \$500 are capitalized. Property and equipment are stated at cost or, if donated, at the approximate fair value at the date of donation. Depreciation of buildings and equipment is calculated using the straight-line method over the estimated useful lives of the respective assets.

NOTE 1 NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING
POLICIES (Continued)

Property and Equipment (Continued)

Major additions and improvements are capitalized. Maintenance and repairs are expensed as incurred. When assets are retired or otherwise disposed of, the related costs and accumulated depreciation are removed from the accounts and gains and losses are included in operations.

Impairment of Long-Lived Assets

The Center reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of the carrying amount or fair value less costs to sell. Management does not believe impairment indicators are present.

Endowment Funds

The Center's endowments consist of funds established to support a variety of charitable efforts of the Center. Its endowments consist of donor-restricted endowment funds. As required by generally accepted accounting principles, net assets associated with endowment funds, including funds designated by the Board to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions. Income from the endowment fund assets can be used to support general activities of the Center.

The Center follows Arizona's Management of Charitable Funds Act (MCFA) and its own governing documents. MCFA requires the preservation of endowment funds when a donor's intent is not expressed. MCFA directs the Center to spend an amount that is prudent, consistent with the purposes of the fund, relevant economic factors and the donor's intent that the fund continues in perpetuity.

The Center classifies in permanently restricted funds (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund not classified as permanently restricted is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Center's Board.

NOTE 1 NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING
POLICIES (Continued)

Endowment Funds (Continued)

In accordance with MCFR, the Center considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the various funds, (2) the purposes of the donor-restricted endowment funds, (3) general economic conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation of investments, (6) the Center's other resources, and (7) the Center's investment policies.

Return Objectives, Risk Parameters and Spending Policy. The Center has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to the programs supported by the endowments while also maintaining the purchasing power of those endowment assets over the long term. The endowment assets are invested in a manner that is intended to emphasize long-term capital appreciation with consideration for current income to provide liquidity as needed. The investment objective is to achieve a 4%-6% real rate of return over a market cycle (5 or more years). The annual spending target from the endowment is 4% of the three year average value of the fund. The annual spending range is 3% to 6% as approved by the board.

Revenue Recognition for Program Services

Program service revenues consist of fees earned for research trials and services provided to various clients for various programs as well as cost reimbursement governmental grants. Program service fees are recognized when services are rendered. Income from program services that is collected in advance is recorded as deferred revenue and recognized as the related qualifying expenditures are incurred or as services are performed.

Contributions

Contributions and grants, including promises to give, are received and recorded as unrestricted, temporarily restricted or permanently restricted support depending on the existence and/or nature of any donor restrictions. When a donor restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily or permanently restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as net assets released from restrictions.

POLICIES (Continued)

Donated Services and Materials

Donated materials and other non-cash assets are recorded at fair value in the period received. Donated services are recorded at their estimated fair value if they create or enhance the Center's nonfinancial assets or require specialized skills that the Center would normally purchase if not provided by donation. No amounts have been reflected in the financial statements for certain donated volunteer services because they did not qualify for recording under the generally accepted accounting principle guidelines; however, a substantial number of volunteers have donated significant amounts of their time to the Center's program services and fundraising campaigns.

Functional Expenses

The costs of providing the various programs and activities have been summarized on a functional basis in the statements of activities. Certain costs have been allocated among the programs and supporting services benefited. Personnel costs are allocated based on actual employee activities, and indirect expenses are allocated based on the percentage of personnel costs in a particular program or area compared to total personnel costs for the Center.

Income Tax Status

Southwest Autism Research and Resource Center qualifies as a tax exempt organization under Section 501(c)(3) of the Internal Revenue Code ("the Code"), and accordingly, there is no provision for corporate income taxes in the accompanying financial statements. In addition, the Center qualifies for the charitable contribution deduction under Section 170 of the Code and has been classified as an organization that is not a private foundation. Income determined to be unrelated business taxable income (UBTI) would be taxable.

The Center follows accounting standards for uncertainty in income taxes, which require that tax positions initially need to be recognized in the financial statements when it is more likely-than-not that the positions will not be sustained upon examination by the tax authorities. As of December 31, 2015 and 2014, the Center had no uncertain tax positions that qualify for either recognition or disclosure in the financial statements.

Federal income tax returns generally remain open for three years after they are filed and state income tax returns generally remain open for four years after they are filed, and both are subject to examination by taxing authorities.

The Center recognizes interest and penalties associated with income tax in operating expenses. During the years ended December 31, 2015 and 2014, the Center did not have any income tax related interest and penalty expense.

Management's Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from these estimates.

Reclassifications

Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform with the presentation in the current-year financial statements.

Date of Management's Review

In preparing these financial statements, the Center has evaluated events and transactions for potential recognition or disclosure through June 10, 2016, the date the financial statements were available to be issued.

NOTE 2 CONCENTRATION OF CREDIT RISK

Financial instruments that subject the Center to potential concentrations of credit risk consist principally of cash and cash equivalents, contracts receivable, and promises to give. The Center maintains its cash in bank accounts with financial institutions which at times may exceed federally insured limits. At December 31, 2015 and 2014, the Center's bank balances exceeded federally insured limits by approximately \$482,000 and \$1,778,000, respectively. The Center has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash balances.

Gross promises to give include an amount from one donor which makes up 26% of total gross promises to give at December 31, 2015, and amounts from two donors which make up 48% of total gross promises to give at December 31, 2014. Gross contracts receivable include amounts from three contractors which make up 53% of total gross contracts receivable at December 31, 2015, and an amount from one contractor which makes up 12% of total gross contracts receivable at December 31, 2014. Concentrations of credit risk with respect to promises to give and contracts receivable are limited due to the collection history and relationships with these donors and contractors.

Total assets at fair value	<u>\$ 4,014,018</u>	<u>\$ 48,200</u>	<u>\$ 328,754</u>	<u>\$ 4,390,972</u>

Investments with readily determinable fair values are measured at fair value in the statement of financial position as determined by quoted market prices in active markets (Level 1). Investments in preferred stock are valued based on observable inputs, which include a yield based building block approach and call price of the preferred stock (Level 2). Investments in hedge funds and private equity funds with the Arizona Community Foundation (ACF) are valued based on unobservable inputs, which include the fair value of the underlying assets held by ACF and the Center's percentage interest in ACF's investments (Level 3).

The following is a reconciliation of beginning and ending balances of assets measured at fair value on a recurring basis using significant unobservable (Level 3) inputs during the years ended December 31, 2015 and 2014:

Balance, December 31, 2013	\$ 316,573

Depreciation expense was \$349,441 and \$344,789 for the years ended December 31, 2015 and 2014, respectively.

NOTE 7 LINE OF CREDIT

In April 2014, the Center obtained a revolving line of credit with a financial institution which provides for maximum borrowings of \$900,000. The line of credit matures in March 2017 and bears interest at the 30 day LIBOR rate plus 1.85%. The line of credit is collateralized by securities held by the Center and classified as investments. No borrowings occurred during the years ended December 31, 2015 and 2014.

NOTE 8 FORGIVABLE LOAN

During the year ended December 31, 2009, the Center executed a note payable in the amount available of \$140,000 with the City of Phoenix with \$106,305 outstanding at December 31, 2015 and 2014. The loan carries an interest rate of zero percent. The loan is secured by a ten-year lien on real property. The loan is forgivable in amounts equal to 20% of the outstanding balance annually, beginning in June 2016, and is expected to be fully forgiven in May 2021.

NOTE 15 RELATED PARTY TRANSACTIONS

Beginning in 2006, the Center invested endowed funds with a community foundation. The Center's co-founder is a member of the community foundation's Board of Directors and does not participate in decisions directly related to the Center.

One of the Center's founders provides in-kind advisory and public relations services to the Center. During the years ended December 31, 2015 and 2014, the services provided were valued at approximately \$11,000 and \$84,000, respectively. These amounts are recorded as in-kind revenue and expense on the statements of activities.

One of the Center's founders operates a clinic that provides services to the Center. During the years ended December 31, 2015 and 2014, these services totaled approximately \$105,000 and \$132,000, respectively, and were paid by the Center.
