## Virtual Volunteer Opportunities

Until further notice, we are taking appropriate precautions by limiting in-person volunteer opportunities at SARRC, but we have created a number of unique and fun ways you can still be involved virtually in the comfort of your own home! While we miss seeing our friendly, helpful volunteers in person, these opportunities are just as impactful to the client we serve!

### THANK YOU NOTES

We all know a handwritten note goes a long way! Brighten the day of one of our hard-working clinicians by writing a note thanking them for providing essential and medically necessary services for the children, teens and adults we serve. Not one client has gone without their services thanks to our dedicated therapists. Cards can be decorated any way the student would like and can be addressed to: SARRC team member. The cards can then be mailed to SARRC's main campus at: 300 N. 18th St. Phoenix, AZ 85006 and attention: Addie Mocca

### VIRTUAL BOOK READINGS

Our young learners love hearing from our community by way of book reading! Choose a book meant for a 3-6-year-old child and film yourself while taking the child through the book page-by-age virtually. The video should be no more than 3-5 minutes long. You can then email the video to [amocca@autismcenter.org](mailto:amocca@autismcenter.org) We have a special YouTube playlist created just for our virtual readers so our team can access at any time during their therapy sessions.

### CREATIVE CRAFT TIME

Get crafty! Pick an easy-to-make craft, such as how to make a paper airplane or how to make a hand puppet, that can be clearly explain and conveyed by video. Film your chosen craft step by step, so our clients can learn how to make it themselves. For the older clients, you can even show them how to put together a small Lego project or how to do a card trick.

### ACTIVITY KITS AND GAMES

SARRC's therapists who work with our younger clients (ages 2-6) are always looking for new, exciting activities and games to incorporate into a client's therapy session. If you have a creative mind or idea, we welcome your creation! Examples include your own version of a memory game, or matching letters/sounds, or a puppet show.

### IN-KIND WISH LIST

Donating an item from SARRC's Wish List helps our team support their clients on their individualized goals and therapies. Your generosity can make a huge impact and directly benefits children, teens, and adults with autism.

### START YOUR VOLUNTEER JOURNEY AT SARRC TODAY!

If you have questions about any of the listed virtual volunteer opportunities, please contact our Community Relations and Volunteer Coordinator.
