

# Recruiting Autistic Military Veterans

Southwest Autism Research & Resource Center (SARRC) is currently recruiting United States Military Veterans who have an autism diagnosis or who suspect that they are on the autism spectrum to participate in a study on the lived experiences and support needs of autistic military veterans. Participation is voluntary.

## **You may be eligible to participate if you:**

- Are 18 years or older
- Are a US Military Veteran
- Have an autism diagnosis OR suspect that you have autism but do not have a diagnosis

## **This study involves:**

- Completing online questionnaires about your demographics and autism symptoms
- Completing a 90-minute interview about your experiences in the military and as a veteran, strengths and challenges related to autism and mental health, and the types of services and supports you have pursued or desire

**Each participant will receive \$50 compensation for completing all study procedures.**
